Winter 2011-2012

Dear Colleague:

The SAFER Federal Emergency Management Agency (FEMA) grant application for career, combination and volunteer fire departments will be available in December, 2011. These awards allow organizations such as yours to increase the number of front-line trained firefighters available and deployed in your community, which will make life easier for your fire department. During these tough economic times, in order to secure much needed funding, the need for professional quality grantwriting has become acute.

If you are a combination or career department, SAFER grants can be used to drastically cut your overtime by providing salary, training and benefit packages for newly hired firefighters as well as funding for advertising, paramedic training and many other purposes.

If you are a volunteer department, SAFER grants can incentivize your hiring and recruitment/retention by providing membership and family tuition and professional certification services, emergency baby-sitting services and many other benefits. The government will consider any proposal that will significantly augment staffing.

Grantgenies is a professional grantwriting and consultation business that has secured over \$6 Million in Federal appropriations over the past seven years. The writing team of Grantgenies has over twenty-eight years of success in Federal grantwriting and can collaborate with you in obtaining appropriations for the equipment and gear you need in order to perform your duties effectively and safely. We have already received awards in the initial round for the 2011 AFG, including personal protective gear, communications and life-saving equipment.

Our fee is \$1,250 for the preparation, writing and submission of your SAFER proposal. You will be assigned a personal grantwriter who will work with you throughout the entire process. If you are interested in enlisting our services or if you have any questions, feel free to call me weekdays between 9 A.M. and 7 P.M. (E.S.T.) at (845) 294-1339 (office) or (845) 649-1710 (cell), or e-mail me at randy@grantgenies.com or rking@hvc.rr.com.

Sincerely,

Randy Ring
