To Whom It May Concern:

It is with great pleasure to recommend the services of Grantgenies to any person and/or organization with interest of applying and receiving federal grants. Our volunteer fire company has had the pleasure of working with Randy Ring and Kelly Lavell for the past two years and with their assistance our fire company was awarded a 2010 Assistance to Firefighters Grant in the amount of \$89,875.00. It is our feeling that without their assistance this grant award would not have been possible. Our fire company, myself especially, cannot express enough our sincere appreciation for both Randy and Kelly and the hard work and countless hours they contributed to our organization.

Our company has applied for federal funding through the AFG program provided by the Department of Homeland Security for 6 years now and was unsuccessful until we sought outside assistance with Grantgenies. From the start, the working relationship has been outstanding, informative, and an overall pleasure. I have spent many hours working with both Randy and Kelly and their dedication to our project has been absolutely outstanding. They take extreme pride in their work and they did not treat us like a business customer, they treated myself and our company like friends and partners in our goal to successfully be granted a federal grant. Their experience, advise, suggestions, opinions, and overall attitude in our project was amazing and as stated before, our company could not have accomplished this endeavor without them.

To conclude, I highly recommend to anyone seeking assistance in a grant submission to seek the help and guidance of both Randy and Kelly of Grantgenies. They are both a true testament to hard work, dedication, and respect and I encourage any organization to contact them for assistance with any of your upcoming projects of this nature. If I can be of any further assistance, or provide you with any further information, please do not hesitate to contact me.

Sincerely,

Geoffrey R Pitman
